

March, 2013

PARK CLOSURE - Samuel P. Taylor State Park is CLOSED on Mondays and Tuesdays through March 21, 2013. All campers must check out on Sunday by noon. Camping and restrooms will not be available when the park is closed. Reservations for the Madrone Cabins and Group Camp still stand and will not be effected by this closure.

CAMPING - Campsites are currently available first come first served through March 21, 2013. No reservations are accepted, so you must physically come to the park to purchase your campsite on the day you would like to stay (Wednesday through Saturday night only). Only the Creekside Loop (site 1-25) is open at this time, site 1-6 are reserved for RV's. Sites are available for \$35 a night.

CAMPING CHANGES & RESERVATIONS - When making a reservation take note of the changes being made. Most importantly, site occupancy will be reduced to 6 people (of any age) and three mini group sites will be added within Camp Taylor. The three mini group sites will be created by combining sites (18, 19 & 20), (34 & 35), and (50, 60 & 61). Read our Reserve America page thoroughly for more details. Reservations for Madrone Group Camp and the cabins are currently online. September 2013 reservations are now open.

TRAIL CLOSURES - North Creek Trail remains closed until further notice during its major reconstruction.
